Welcome to the Grafton Public Library's Summer Read to Bead Program!

When choosing a reading goal for your family, remember: you know your child best!

For reluctant readers, start simple by aiming to read every day.

Remember, you can always adjust your goals as the summer progresses. Choose your family's preferred method to track reading progress - whether it's by hours, minutes, pages, chapters, or books read. Each time your child completes a reading session, mark off a circle on the tracker sheet.

Once you've marked off five circles in a row, bring your sheet to the library to redeem a token for our gumball machine! You can also earn an extra token by marking off all five activity stars on the sheet. Our machines give out beads so your child can create a unique summer reading necklace.

Keep filling sheets out for more tokens and beads.
Happy reading!

Tip: When choosing a goal, try to have it be enough of a stretch to create a real sense of accomplishment.
