The “Young Scientists” series is sponsored by the YMCA Family &
Community Partnership (YFCP), a Massachusetts Coordinated Family & Community Engagement (CFCE) Grant program funded by the Department of Early Education & Care and awarded to the YMCA of Central Massachusetts.

- All children, ages 3-6, must be registered (including siblings) to attend in person classes.
- Parents/caregivers are expected to supervise and help their child during class but may leave the room to care for an infant/busy toddler.
- Materials for the lesson will be provided by STEM Beginnings for registered children, ages 3-6, however if extra materials are available due to absences, the teacher may share materials with siblings.
- Siblings are welcome to watch and listen to the story but we ask that parents/caregivers help to manage disruptive behavior.
- Space is limited to 12 children, ages 3-6. Please email or call the librarian if you can no longer attend so that a family on the waitlist can be contacted.
- Hot beverages are not allowed due to child safety regulations from the Department of Early Education and Care, the YFCP funding source.
- Please limit cell phone use and talking to one another while the STEM Beginnings teacher is presenting the lesson.
- Adults and children should not attend class if not feeling well to avoid spreading illness to others. If your child has a cold with a thick runny nose or other contagious illnesses, we ask that he/she remain at home for as long as the symptoms exist. If a child has a fever, please wait 24 hours after the fever to attend class.

Thank you for your support of YFCP and STEM Beginnings Program!

Library Babies

Library Babies is a 20-minute program for our very youngest visitors, ages birth-walking. Join us as we read stories, sing songs, recite favorite nursery rhymes, and interact with the babies using bounces and finger plays.

Because the 9:15am program takes place before the library opens to the public, please enter through the children’s program room door on the left side of the library. There will be directional signage posted outside the library on storytime days. Please arrive on time for these programs. Due to their short run time, we cannot allow any latecomers to enter after the program has begun.

This is a drop-in program; registration is not required.

We are delighted to see so many students who want to use the Library after school, but must remind parents of our Unattended Child Policy:

- youth ages 0-7 must be accompanied by a parent/guardian at all times;
- youth ages 8-12 must be accompanied by a parent/guardian remaining in the Library;
- youth ages 13+ may be unaccompanied, provided your child is able to use Library independently and follow the Library's Code of Conduct.

NEW BOOKS

What's New?
Lost Cat!
By Jacqueline K. Rayner

Spare, simple, funny, and perfect for preschoolers, the saga of a cat who doesn’t show up for dinner and the little girl who wishes she knew where he might be—but the reader knows!

Maggie Sparks and the Monster Baby
By Steve Smallman

Book 1 in the magical adventures of a naughty little witch whose temper tantrums fizz into all kinds of trouble!

A Land of Books: Dreams of Young Mexihcanh Word Painters
By Duncan Tonatiuh

A young Aztec girl tells her little brother how their parents create beautiful painted manuscripts, or codices. She explains to him how paper is made from local plants and how the long paper is folded into a book. Her parents and others paint the codices to tell the story of their people’s way of life, documenting their history, science, tributes, and sacred rituals.
